

SPEAKING TRUTH TO POWER

in words and pictures

BRADLEY MANNING interactive exhibition

GUY SMALLMAN photojournalism

Photojournalist Guy Smallman

has returned to Afghanistan frequently and has engaged with people and places untouched by other western media; he is the only western journalist to have visited the scene of the Granai massacre in which 147 people, including 93 children, were killed by NATO bombing.

Guy's work documents the everyday realities faced by ordinary Afghan civilians, (realities that are ignored or obscured in mainstream media) as well as the direct effect of the war.
