

Wales Says NO to NATO

The Long March on Newport

The issue of NATO - and the money spent on sustaining it - impacts on all of us in Wales. The UK's membership of NATO, and the government policies that flow from that, dragged us into an unjust and disastrous war in Afghanistan.

Their solution promotes racism and fear, threatening to divide our people. To feed the NATO war machine Westminster diverts resources into 'sabre-rattling' around the world while we suffer cuts in education, health and welfare. And in 2016 they threaten to waste further billions on replacing Trident, in spite of the great threat it poses to future generations and the environment.

To protest the 2014 NATO summit in Newport, the Long March on Newport will take the message to communities throughout Wales (on foot and on wheels) during August, arriving in Newport Friday 29th Aug. for the week of action.

Join us in saying: "No to Austerity, No to War, No to NATO"

Many ways to support

Join us on foot Join us on wheels Offer hospitality

Please raise in your church, Meeting of Friends, campaign group, transition group, trade union branch etc. We are asking organisations to support with funding, by joining a section of the march or organising a welcome for the marchers (for dates/places see over).
