

On October 27th and 28th, the High Court will be the site of a historic event. It will be a culmination of 11 years of extraordinary judicial and illegal extra-judicial US and British efforts to extradite journalist and publisher Julian Assange to the USA where he faces a possible 175-year sentence – a living death in a supermax prison. ***But Journalism is not a Crime!***

In 2010 he and WikiLeaks published millions of secret leaked documents showing the unvarnished, repulsive facts about illegal western wars in Iraq and Afghanistan: the murder of civilians, corruption, torture, rendition and death squads, *of men, women and children, documenting 20,000 deaths in Afghanistan and 108,000 in Iraq.*

*The narrative that the allies invaded Afghanistan to promote democracy and human rights and should have remained there to fight for these values was revealed as a very Big Lie. Today, Afghanistan has a record of over 240,000 deaths and 3.5 million displaced.*

A shockwave passed through governments, military and intelligence services and they have since never stopped their quest to destroy Assange and Wikileaks by any means. Julian Assange has been detained for the past 11 years in the UK, illegally surveilled, slandered, psychologically tortured, and most recently imprisoned in the UK's Belmarsh maximum security gaol for over 2 years.

*If we lived in a democracy, the war criminals would be behind bars and Julian Assange would be free.*

Julian Assange has suffered enormously to bring the world the truth about wars, government corruption and criminality. He needs *our* support. **Thousands demonstrating outside the High Court would make an impact. *He defends press Freedom with his body.*** His life and our right to the truth lies in our hands. **Be there!**
